

Connectors

We stock a variety of products suitable for most LED Projects, including 3M Scotchlok wire connectors. Quick, reliable and easy to use, just snap the cable in place. No stripping required, the unique "U" contact provides an excellent, long lasting electrical connection.

Cable

We sell cable by the metre, suitable for internal and external use. Designed with LED modules in mind to prevent voltage drop.

Controllers & Switches

Our controllers and switches are designed to regulate both light pattern and brightness of our LED modules.

Crimp Tools

Heavy-duty hand tool capable of crimping all Scotchlok connectors.
