

Warranty

Irpen (UK) Ltd offer the following market leading warranties for the periods specified below.

The warranty covers the stated LED components for the period listed providing they are installed using a Irpen (UK) Ltd specified power source in line with Irpen (UK) Ltd installation guide.

Irpen (UK) Ltd warrants its LED components and power supplies to meet the performance data stated in the available written data sheets. Irpen (UK) Ltd warrant to provide a product that is free from defect and achieves all criteria listed provided the LED system is installed using a Irpen (UK) Ltd specified power source and is in full accordance with the Irpen (UK) Ltd installation guide. Should any product fail to meet the standards outlined during the stated warranty period in full accordance with the terms and conditions stated herein Irpen (UK) Ltd will replace the defective product free of charge.

Usage

This limited warranty is based on a maximum usage of 5,000 hours per year when installed in accordance with fitting instructions from Irpen (UK) Ltd and in environmental conditions within the normal specified operating range of the system.

The limited warranty will be applicable only when the LED products have been installed with Irpen (UK) Ltd power supplies according to Irpen (UK) Ltd installation guidelines.

This warranty will not apply in the event of conditions demonstrating abnormal use, including incorrect voltage conditions, excessive switching cycles or operating hours.

Replacement of Irpen (UK) Ltd LED components with LED components of any other manufacturer or third party will void the entire warranty.

Replacement of Irpen (UK) Ltd recommended power supplies with power supplies of any other manufacturer or third party will void the entire warranty.
